DETAILED ACTION

Allowable Subject Matter

1. **Claims 1-15 are allowed.**
2. The following is an examiner's statement of reasons for allowance:

Claims 1-15 are allowable because the prior art fails to disclose or make obvious, either singly or in combination, a surveying instrument comprising, in addition to the other recited features of the claim, "an AF drive unit which is provided separately from said sighting telescope, wherein said AF drive unit can be mounted to and dismounted from a body of said surveying instrument".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Sensui et al. (Patent No. US 5,796,517) discloses an inner focus type telescope.

Shirai et al. (Patent No. US 6,194,694) discloses a surveying instrument.
